Denis,

There is a statement in the revised Disclosure Statement that is not accurate. Craig Stuart-Paul did not signed the CAFO as Chief Operating Officer, he signed it as Chief Executive Officer. Please make that correction and resubmit the Disclosure Statement as soon as possible.

Lou

We are providing a revised Disclosure Statement relative to the co-applicant Fiberight LLC to include any other related entities and any persons required to disclose in the attached document. This revision takes into account the document that you provided yesterday as well as discussions with and additional confirmation from Fiberight LLC.

Please let us know if you have any questions.

Thank you.

Dear Mr. Pizzuti

We believe that the reference case does not apply because the company in question was not one in which I, Craig Stuart-paul had a controlling interest. Further, the incident in question was unrelated to waste processing, and resulted in a consent decree whereby the company did not admit to any of the findings.

That said, and in an abundance of care to ensure that the department is provided with all information, and in order to demonstrate our full cooperation with the process, we will update the Disclosure Statement for Fiberight LLC, and Craig Stuart-Paul, by COB June 9th.

With kind regards

Craig Stuart-Paul

Denis,

The Department has recently become aware of the document attached above. This was not included in the Disclosure Information submitted with the project application or any deliverables submitted after the application was accepted for processing. I hereby formally request that an updated Disclosure Statement for Fiberight LLC, Mr. Stuart-Paul and any other entities where Mr. Stuart-Paul has had a controlling interest in within the last 5 years, and other persons now associated with Fiberight LLC be submitted to the Department by no later than June 15, 2016. If you have any questions, please let me know. Additionally, if I have missed anyone with this email whom should receive a copy, please forward them a copy and provide me with their email address for future correspondence.
